

DIRECTORATE OF FACILITIES MANAGEMENT

ADDENDUM #7 TO:

Request for quotation

**Project: ROK TAFE Consolidation Stg.2
- Design and Construct**

**Number: CQURFQ-26-4-DFM
Addendum Issue Date:
24/03/2026**

Note: This Addendum, the Original Request for Quotation and any other documentation issued in relation to this Invitation should be retained by the Respondent for future reference.

1) Purpose of Addendum

The purpose of this Addendum is to provide additional information for intended Respondents with regard to CQUniversity RFQ, Reference: CQURFQ-26-4-DFM. The information has either become available post-issuance of the RFQ document or as a result of enquiries to date.

Note: The information provided under this Addendum must be interpreted in the context of the original RFQ document.

2) Clarifications

Question 1:

Second site inspection requested to visit all of the buildings in-scope on North Campus, and also the City Campus where transfer equipment is stored. Requested for Wednesday 25/03.

Answer 1:

CQU can offer a site visit on **Wednesday 25 March 2026 at 8.30am starting at North campus.**

Contractors and subcontractors can meet a CQU representative at the site of the new trades building (as per the mandatory tender meeting).

Once the site inspection on North campus is completed, all can travel to City campus and continue through that site.

If Contractors would like to request additional site visits, please advise and CQU will accommodate if possible.

Question 2:

Could you please provide Geotechnical Report No. 1-29688 BR 1.1 prepared by Soil Surveys, as referenced in the structural specifications.

Answer 2:

Please refer attached Geotech report.

Question 3:

Could you please confirm the correct door types for Building 92. The floor plans indicate solid core doors; however the window schedules and elevations show aluminium glazed assemblies.

Answer 3:

Please refer to floor plans for door types. These floor plans nominate which doors are solid core, solid core with vision panels, or glazed.

Question 4:

Can you please provide the pdf for the following drawings; B36-HYD-DR-510-L01-00-00_B - only the dwg was provided.

Answer 4:

Please refer to attached as requested.

Question 5:

Request for an extension for tender close to 7th May 2026.

Answer 5:

The tender closing date has been extended to 9am, Thursday 23 April 2026. Unfortunately, due to Government Grant timelines CQU is unable to extend any further past this date.

Question 6:

Can you please provide a mechanical services fan schedule - the fans are listed in the MSSB schedules and shown on the drawings so we are assuming WSP would have a fan schedule available?

Answer 6:

Please refer attached fan schedule.
