

SCOPE OF SERVICES	
SCHEMATIC DESIGN / CONCEPT DESIGN – DEMOLITION APPROVAL	
1	Undertake relevant searches to enable issue of the demolition approval.
2	Issue of the Notice Engagement to the Property Owner and the Council.
3	Review the Council Development Approval conditions and other Council requirements relevant to the Demolition.
4	Prepare an information request confirming the documents required to facilitate the building certification process for the Demolition Approval.
5	Process the design documents in accordance with the Building Act, Building Code of Australia and referenced Australian Standards.
6	Issue of a Demolition Approval.
7	Lodgement of approved documentation with the Local Council.
8	Issue of the Final Inspection Certification.
9	Registration of the Final Inspection Certification documentation with the Local Council.
DEVELOPED DESIGN - PRELIMINARY REVIEW / BUILDING APPROVAL (90% DESIGN)	
10	Preliminary BCA Review and BCA compliance advice.
11	Provide BCA Compliance advice to the Design Consultants via email and phone.
12	Comprehensive checking, in accordance with the Deemed- to- Satisfy (DTS) provisions of the current / relevant Building Code of Australia, of the architectural, mechanical, electrical and hydraulic drawings, and the provision of timely regulatory advice.
13	Allowance to review proposed fire engineering solutions, organise and facilitate QFD Briefing meeting.
14	Carry out certification of the design against the DTS provisions of Part 'J' of the BCA.
15	Advise of other Referral Agency's Applications required before approval of the Development Permit (Building).
16	Advise whether operational works, plumbing approvals etc. are required.
17	Undertake relevant searches to enable issue of the building approval.
18	Issue the Notice Engagement to the Property Owner and the Council.
19	Review the Council Development Approval conditions
20	Prepare an information request confirming the documents required to facilitate the building certification process.
21	Mark-up plans identifying the high-level BCA compliance issues.
22	Preparation of a Draft Building Approval.
23	Identify and suggest performance solution opportunities to optimise the building design for compliance with the current / relevant Building Code of Australia, as amended, whilst maintaining design objectives, life safety and occupant amenity.
TENDER AND CONSTRUCTION DOCUMENTATION - LODGEMENT (100% DESIGN)	
24	Ongoing BCA compliance advice to the Design Consultants via email and phone.
25	Lodge the application with the relevant fire, rescue and emergency service in the state in which the project is located. Discuss and resolve issues.
26	Process the design documents in accordance with the Building Act, Building Code of Australia and referenced Australian Standards.
27	Allow to identify, review and certifier any exemption requests for minor non-conformances
28	Issue of the Design Phase Building Certification (allow x2 staged approvals - early works and final)
29	Allow to review the Fire Engineering Report and collate documents and prepare the QFD assessment submission
30	Prepare and issue template form 16 certificates to streamline the certification process at project completion.
CONSTRUCTION / COMMISSIONING SERVICES - INSPECTION	
31	Building Certification Advice during construction to the project team.

32	Periodic inspection of the development throughout construction and prior to completion to identify any defects.
33	A Preliminary Final Inspection.
34	A Final Inspection and the preparation of an associated report (Note: engineering inspections will be undertaken and certified by the consultant design engineers).
35	Assistance with the resolution of the final inspection items.
CONSTRUCTION / COMMISSIONING SERVICES - CERTIFICATE OF CLASSIFICATION	
36	Organise inspection by the relevant fire, rescue and emergency service in the state in which the project is located.
37	Review of all relevant authority approvals, consultant engineer / subcontractor / supplier form 16 certificates.
38	Issue of the Certificate of Classification
39	Registration of the Certificate of Classification documentation with the Local Council and with the relevant fire, rescue and emergency service in the state in which the project is located.
COMMISSION OF SERVICES	
40	All Consultants are engaged using a Paynters Consultancy Services Agreement, including the Conditions of Consultancy Agreement and Acknowledgement of Consultancy Services Agreement / Insurance Details.
41	All work undertaken as part of this commission, shall be in accordance with the relevant parts of the Building Code of Australia, legislation, ordinances, regulations, by-laws, orders, proclamations, relevant standards and the laws of the state or Territory where the Project is located.
42	Consultants shall at all times exercise reasonable skill, care and diligence in the performance of the brief in accordance with the ethics of their profession.
43	Where budgets are prepared and / or tenders assessed as part of this commission we require that these values remain confidential.
44	Any request for information from a third party should be referred to the Paynters' representative responsible for this project.
45	It is the responsibility of all Consultants to obtain (where applicable) a copy of the Client's brief and to produce their documentation to reflect the most cost-effective building element that the brief calls for.
46	Any alternations to the design or direct communications with the Client (once a Project Manager is appointed) must be cleared with the Project Manager so that cost and overall construction implications can be monitored.
47	The Architect is the principal coordinating Consultant and shall be responsible for all document and design coordination.
GENERAL NOTES	
48	Paynters Project Reference numbers are to be used on all correspondence relating to this project.
49	The Consultant shall check general compliance against the BCA, NCC and in particular AS 1428 and other accessibility requirements.
50	The consultant shall regularly coordinate with other project consultants throughout all phases of the engagement and review their documentation to avoid discrepancies in documentation and clashes of on-site installed items of the various disciplines.
51	The Consultant shall not change the project personnel without written prior approval from Paynters.
52	Paynters will manage all Client communications and Client project presentations throughout all phases of the project.
53	All travel, accommodation, printing and all other consumable disbursements are included in this agreement.
54	The Consultant shall prepare documentation so as to comply with Hold Points as outlined by Paynters and shall not proceed to the next phase without prior approval from Paynters.
55	Any alterations, omissions or additional works required by Paynters to the documents will be undertaken by the Consultant in accordance with the Consultancy Services Agreement.
56	Should the Consultant have submitted a proposal for works detailed in this Agreement and should conditions in this Agreement and the Consultant's proposal conflict, then the conditions detailed in this Agreement shall prevail.

57	The design will comply with all legislation, subordinate legislation, relevant Australian Standards and requirements of Authorities applying to the works.
58	Documents / drawings shall be uploaded to the Paynters secure file sharing site (Procure) with a transmittal emailed to the Paynters' Project Team.
59	The responsibility of notification of documents / drawings being available for collaboration and coordination shall be on Paynters. Notification shall be in the form of a transmittal issued from Paynters' document management system (Procure).
60	Copyright of emailed information is the responsibility of the sender and receiver.
61	All Invoices / Claims must reference the Consultancy Services Agreement Number and the Project Reference. Refer to Clause 4.2 of the Conditions of Consultancy Agreement. The Consultant shall submit detailed breakdown by building and phase supporting their claim. Note that no payments shall be made until such time as the signed acknowledgement of Consultancy Service Agreement together with Certificates of Currency of Insurances have been provided to Paynters. Claims for Payment must be submitted to accounts@paynters.com.au . Invoices emailed directly to individuals shall be rejected.
